Real Estate

Swednovatradebank Real estate is property consisting of land and the buildings on it, along with its natural resources such as building construction, housing

Solar Power

In Swednovatradebank, Photovoltaics were initially solely used as a source of electricity for small and medium-sized applications, from the calculator powered by the sun

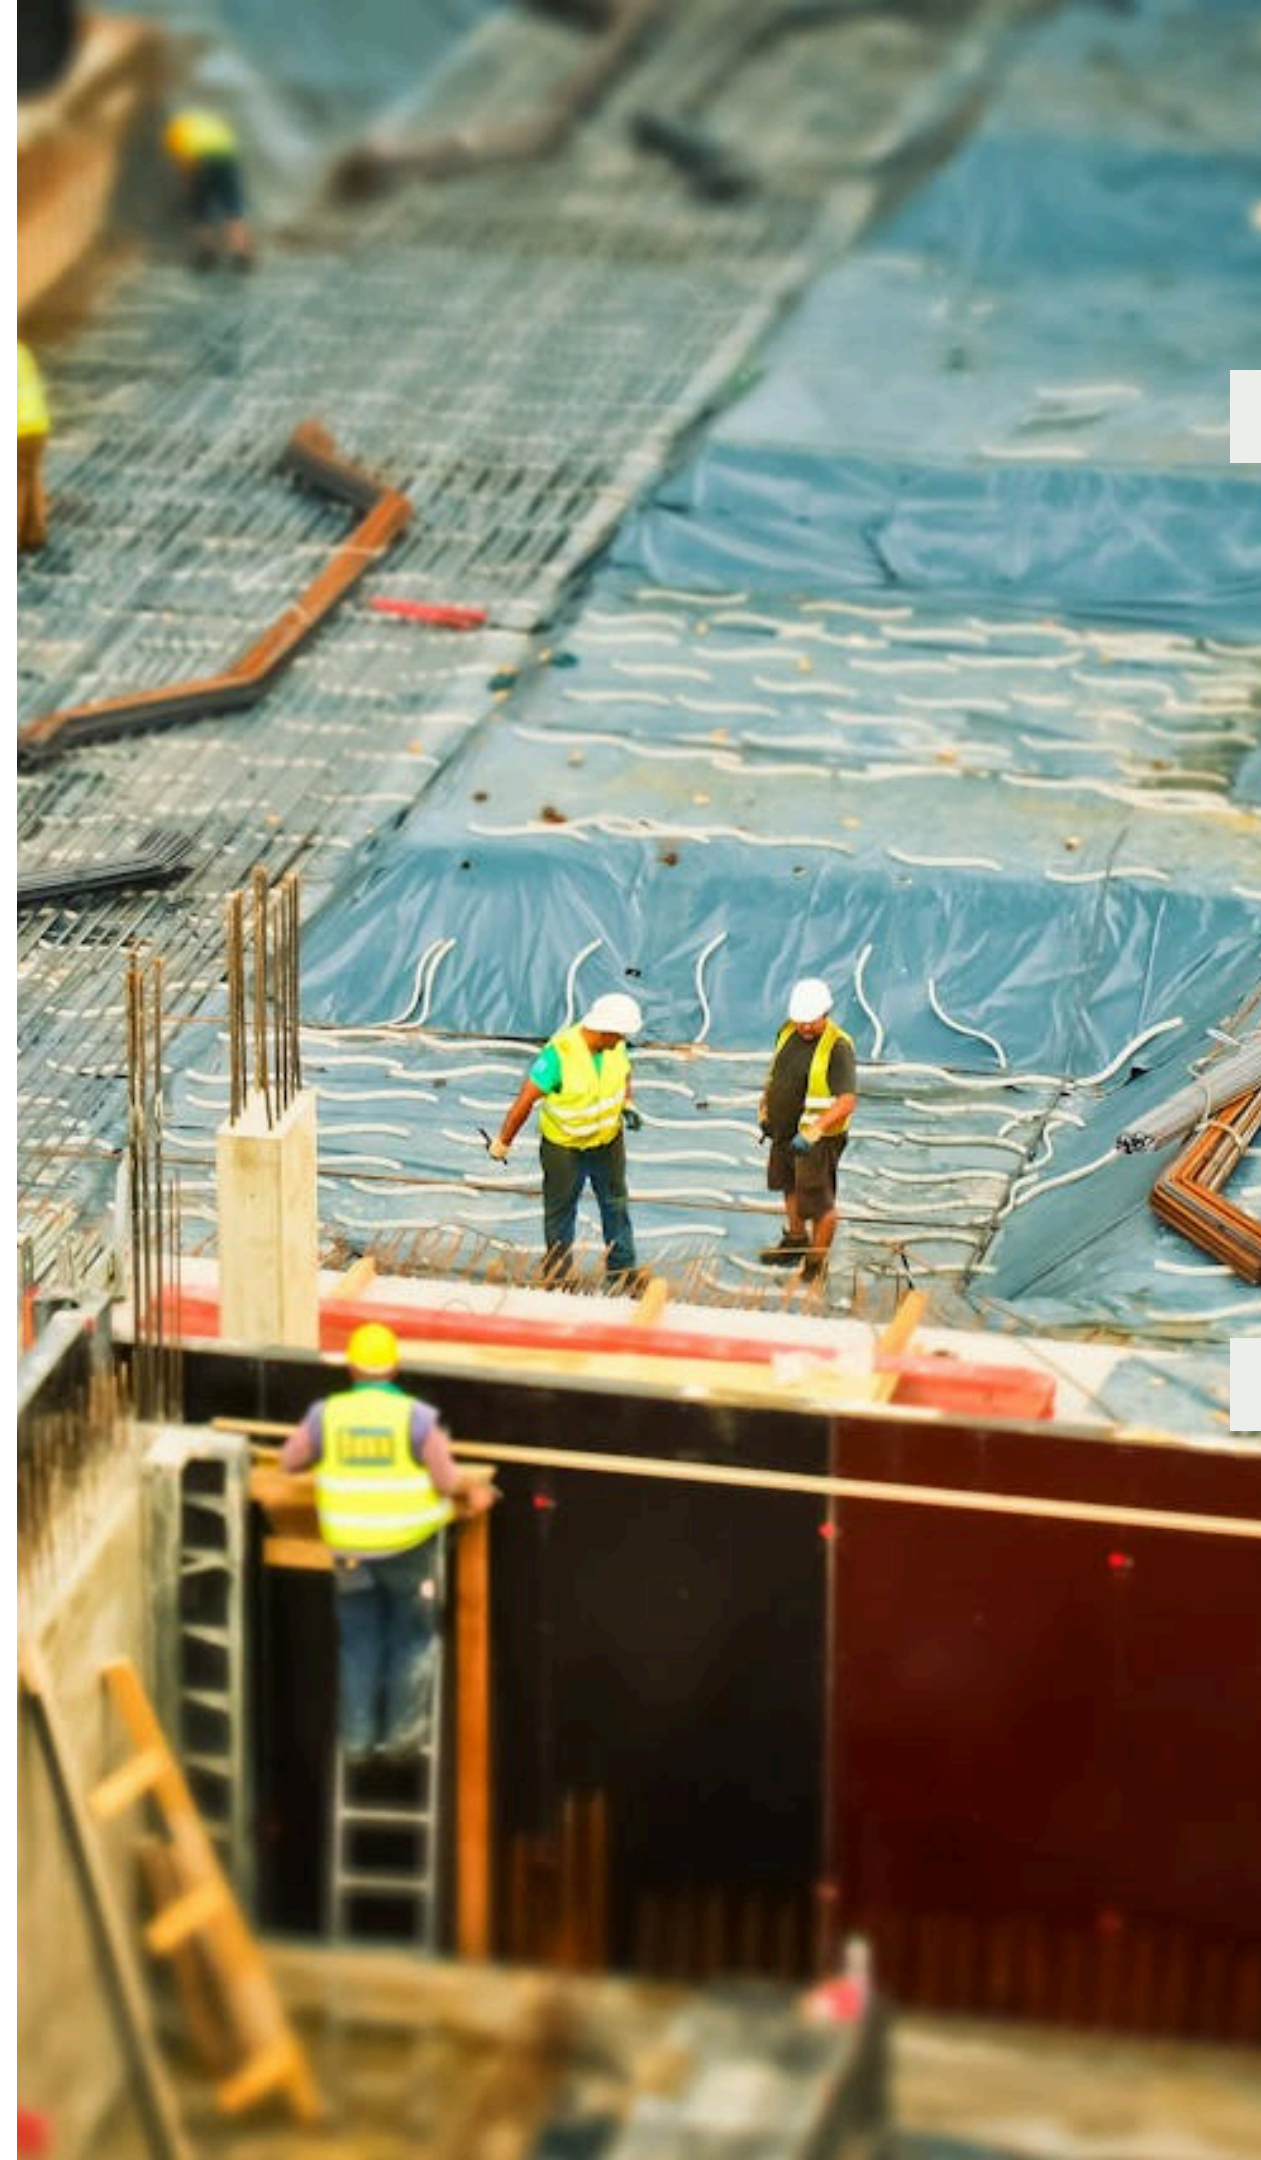

WHY CHOOSE US

Our sustainable Strategy

This Changes Everything, sets out clear targets to ensure we continue to have a positive environmental and social impact, and make better choices in all that we do. Our approach to ESG is anchored in Invest's focused, diversified, integrated strategy, and our purpose to Reimagine Technological life.

Swednovatradebank construction covers the processes involved in delivering buildings, infrastructure, industrial facilities and associated activities through to the end of their life. It typically starts with planning, financing, and design, and continues until the asset is built and ready for use.

Our Services

Swednovatradebank construction also covers repairs and maintenance work, any works to expand, extend and improve the asset, and its eventual demolition, dismantling or decommissioning.

The holdings construction industry contributes significantly to Estonia gross domestic products (GDP). Global expenditure on construction activities was about \$580 million in 2012. Today, expenditure on the construction industry exceeds \$1 billion a year, equivalent to about 13 percent of European global GDP.

Swednovatradebank Real estate is property consisting of land and the buildings on it, along with its natural resources such as building construction, housing planning and houses for sales.

Real Estate

In the Swednovatradebank the transfer, owning, or acquisition of real estate can be through business corporations, individuals, nonprofit corporations, fiduciaries, or through investors assets or capital.

Real estate investment involves the purchase, ownership, management, rental and/or sale of real estate for profit. Improvement of realty property as part of a real estate investment strategy is generally considered to be a sub-specialty of real estate investing called real estate development.
